A 14 km loop to discover the village of Morillon and its resort at 1100 m altitude, Les Esserts. A stop can be made on the terrace of the "Aux délices des Esserts" bakery in the heart of the resort, before heading back down to the village.

(1) Start from "Denarié Sport 2000" in Morillon village. Turn left out of the store, then left again onto route de Visigny. After the "Pont de la Perrière" bridge, turn left onto the "route des champs" and cross the locality known as "Vers le Pont". Admire the gates of Atelier Saint-Martin, a renowned metal-work shop. Climb up to the hamlet of Les Miaux and its 16th-century chapel (2), then on to the hamlet of Les Champs, continuing straight ahead on the Chemin de la Biolle, through the hamlets of Les Rasses and Chozal Raymond. Be careful, the road is narrow. After a final climb through the forest, turn right onto the RD54 or route des Esserts (at the "Chatelard sud" sign), which you will take up to Les Esserts, a resort on a human scale, where it's good to stay for its family atmosphere and its many activities and shops.

Take a right after the first residences, then the first left to reach the first stores under the arcades. The "Aux délices des Esserts" bakery (3) is just past the Intersport store. Take advantage of the terrace to sample some of their home-made products.

Then return to the road you came from and this time take the road on the right to pass under the gondola lift leading from the resort to the village and past the Odalys residence. Take the route du Mas devant or route d'été down to the hamlet of Le Verney and its chapel. Caution, narrow and winding road. Take the route du Verney on your left and then the route de Samoëns or RD4 on your left. Pass the tourist office and, at the Hôtel le Morillon, take the route du lac bleu on your right. At the roundabout, take the route des Grands champs on your left and at the next intersection, turn left onto the route de Cluses to reach the "Denarié Sport 2000" store (1).
