Chalet Les Mazots in Chamonix is a much loved and cared for chalet. Very Savoyarde in style, you can just feel its history seeping out from all that wood panelling. Built on four storeys the chalet can be arranged to suit almost any type of group, from family to corporate.

The chalet has 7 guest bedrooms of varying shapes and sizes and 6 bathrooms, and now also a sauna with its own shower. There are even two adorable little mazots in the grounds for when there are just too many for the main chalet, truly flexible accommodation.

Built early last century on a prime south-facing site, the garden has spectacular views of Mont Blanc...check it out from the hot tub.

What's more, being equidistant between the Brévent lift and Chamonix centre, Chalet Les Mazots is the perfect base for everything.
