Meribel

Perfectly combining mountain and nature, Méribel is above all a family destination. Located in Savoie, it is at the heart of the largest ski areas in the world, les 3 Vallées. Its wood and stone architecture fits perfectly into the mountain landscape.

Called the "discreet", it is one of those little corners of paradise where it is good to relax.

Land of hiking and trail for the most athletic, let yourself be carried away by the beauty of the mountains in summer.

Since the opening of a bike path at the top of the Col de la Loze and the development of electric bikes, walks in Méribel have never been so much fun. Young and old, we will welcome you all year round to help you discover the secrets of the mountains.
