An offbeat walk!

Looking for the kind of walk that holds surprises around every corner? Here's an exotic journey you're sure to love. Escape everyday life into the bliss of Chemin du Petit Bonheur and wander through the ages at your leisure.

Along the way

Bizarrely, different worlds come together as you make your way along the path. The little runway at the airfield would make any golfer's mouth water. Smooth as the best greens, its lawn seems to spread to infinity.

As soon as you pass the shale quarry, you're struck by an unsurpassable view of Dent Parrachée and the Grande Casse glaciers.

And then, when you get to the Châtel, you won't believe your eyes! In this hamlet, nestled at the foot of a rock-climbing face, time literally stands still, and even today, there's no running water or electricity.

And as you continue your hike, perhaps you'll stop at the solarium for a meditative break... Or maybe you'd rather go take a closer look at this strange object that shows you the direction of the wind...

One thing is for sure, these little pleasures are just the thing to make you truly appreciate your newfound tranquility.

The little extra

But what is this path that brings you so many little pleasures?

You can explore it all through the Haute Maurienne Vanoise valley and enjoy unique experiences along the way.
