

L'ÉQUILIBRE INSTABLE DU MONDE

A conceptual image showing a globe of the Earth balanced precariously on a stack of objects: a small wooden sphere, a piece of wood, and several stones. This stack sits on a large block of melting ice, which is perched on the very edge of a dark, jagged rock cliff. A single drop of water is falling from the ice. The background is a dramatic, cloudy sky at sunset or sunrise, with several birds in flight. The overall theme is the fragility and instability of the world.
