Echoing the ambiance of the Côte d'Azur, Baia Bella offers visitors a simple way of life, surrounded by family and friends in a beautiful and idyllic landscape. Baia Bella is a dream come true, an eco-friendly beach restaurant that wants to share its values with its customers and help them enjoy their true dolce vita.

At any time of the year, Baia Bella always feels like a holiday.

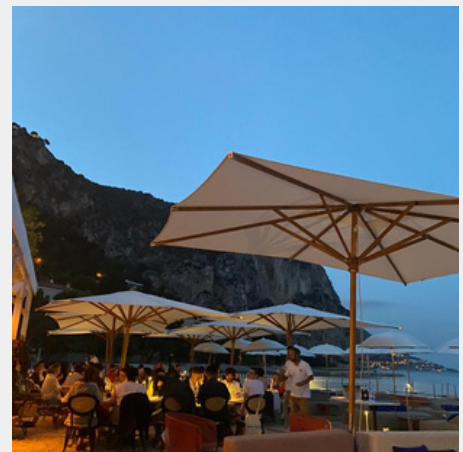

Our cuisine is inspired by the heart of the Mediterranean.

A chance to discover our specialties of grilled fish, carved in front of our customers, and charcoal cooking: Tomawak steak, sea bass sea bream and the delicious flavors of grilled meats.

A sunny menu offering a variety of pizzas, pastas and salads for your lunches and dinners.

The beach is an invitation to relax and unwind. Lying back on a comfortable sun lounger or sitting around a convivial table with family or friends, Baia Bella is a small paradise that respects the environment.

As part of its commitment to the environment, Baia Bella has become the first beach in France to be carbon neutral according to a report by the world's leading greenhouse gas emissions, ALLCOT and has also been awarded by Clef verte label, the first eco-label for sustainable tourism, attesting to a socially responsible approach and environmental policy.
