ORELLE

LES 3 VALLÉES

Exclusive :
Orelle turns 30!

STILL YOUNG. STILL BOLD.
STILL BLOWING MINDS.

30 Years of Altitude, Attitude and Pure Mountain Spirit

Thirty years ago, Orelle was just a tiny alpine village tucked deep in the Maurienne Valley.

Ten hamlets, stone roofs, old paths, and locals who knew every field, forest and sunrise by heart.

Then, one crisp January morning in 1996, everything changed.

A brand-new gondola rose from Francoz and soared toward the high peaks.

In 20 minutes, Orelle was connected to Val Thorens... and soon, to the world-famous 3 Vallées.

A small village suddenly became the hidden gateway to the largest ski area on Earth.

But more than a project, it became a human adventure.

Because here, the mountains aren't a backdrop.

They're a way of life.

Orelle grew without losing its soul : a real village where people greet you by your first name, where après-ski often ends with your eyes lost in a sea of clouds, and where authenticity isn't a slogan — it's just how things are.

Year after year, the lift network expanded: Bouchet chairlift, the brand-new Orelle–Cime Caron gondola, the HOB... **always with the same quiet audacity — the mountain way of dreaming big while staying humble.**

Today, Orelle is celebrating its **30th** birthday.

30 years of skiing, snow, laughter and shared turns.

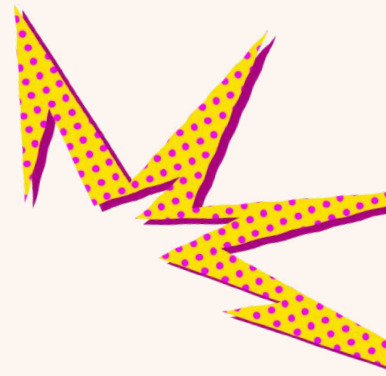

30 years proving you can be small and mighty, hidden and iconic, authentic and forward-thinking.

And the story is just beginning.

Ride & Fun Zone

everything that makes your stay in Orelle extra
awesome.

SKI RULES

RIDE SMART. RIDE SAFE. RIDE TOGETHER.

Because the slopes aren't a video game — and we'd like everyone to make it back in one piece.

Three magic rules :

Respect + Control + Marking = Perfect Day

Brake when needed, look where you're going, and don't stop in the middle like a final boss.

Easy, right?

A few basics

RESPECT OTHERS

*Don't be a danger. Don't be a pain.
Ride together, not against*

SPEED CONTROL

Fast is fun... controlled is better.

RIGHT OF WAY

Skiers below you always have priority.

OVERTAKING

Give space. Be cool, not tight.

MERGING / STARTING

*Look left, look right, then go.
No surprise dives into traffic.*

MARKING

Signs are there for a reason. Follow them.

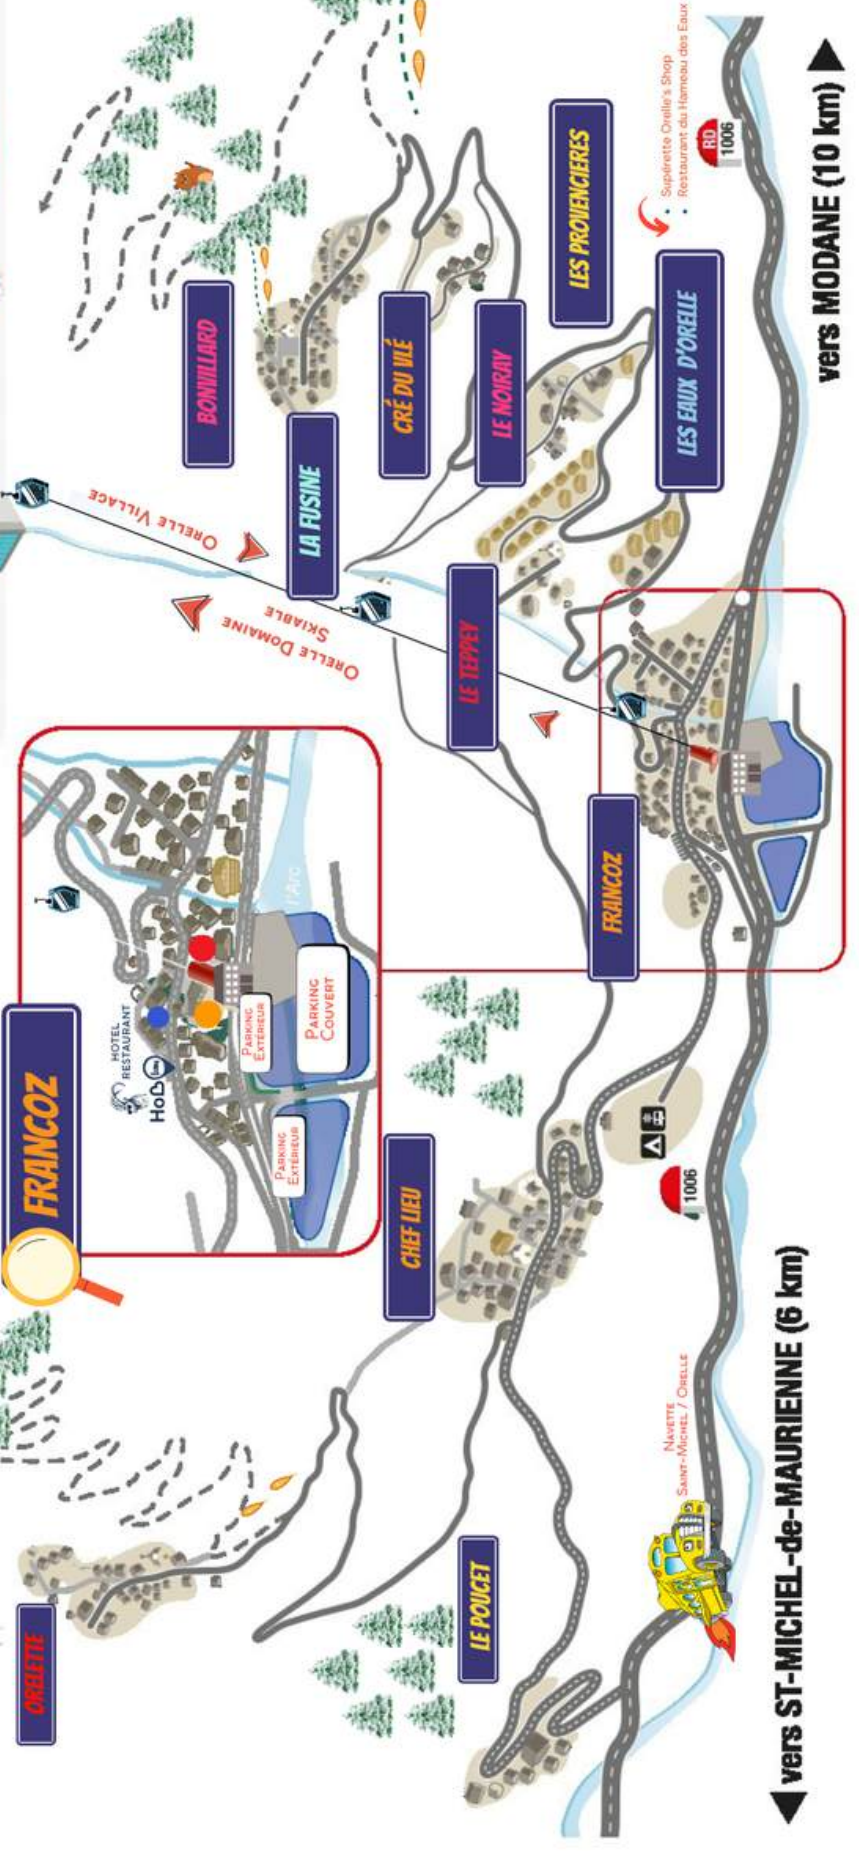

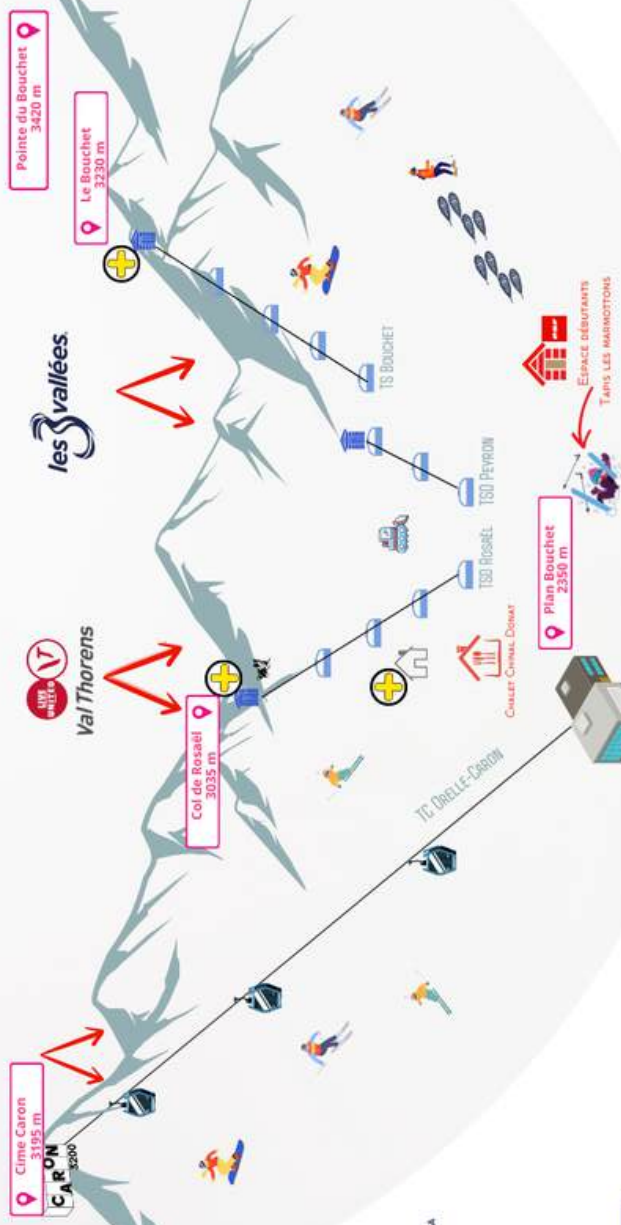

**IF IN DOUBT, PISTE PATROL IS
HERE TO HELP.**
