Built originally in 1924 this chalet was beautifully restored and refurbished in 2009, a modern design within a traditional setting makes it a delicious mixture of old and new.

The interior is impressive, with the hand-made Ben Whistler furniture complementing the innovative design and open-plan layout.

The chalet is brilliantly located, just a 5 - 10 minute stroll to the centre of Chamonix and near fabulous restaurants. Situated in a quiet road there are wonderful views up to Mont Blanc, the Glacier des Bossons and across to Brévent on the other side of the valley.
