# Our values and Commitment

We support Pure Ocean, an association dedicated to :

- Protecting marine ecosystems, which are essential for regulating the climate and preserving biodiversity.
- Innovative scientific research, with projects aimed at restoring coral reefs and reducing microplastics in the oceans.
- Raising awareness of the importance of the oceans for future generations through educational initiatives and events.
- We have made every effort to reduce plastic as much as possible by providing tetra pack water bottles and aluminium sparkling water bottles, biodegradable wipes and refillable glass gel bottles.

For each course operated with NLS France, an amount will be donated to the association.
