Chalet Valhalla was built with beautiful, natural timbers and is a structure of grand proportions right in the heart of Chamonix.

It is open and light with floor to ceiling windows giving you Titanic views of Mont Blanc. A minstrel's gallery overlooks the sitting/dining room and from here you share the same breathtaking view that is enjoyed from below.

Valhalla's location hits the high notes, set in an idyllic spot beside the forest it is also only a short stroll to the centre.

More importantly it is a mere two minutes staggering distance from the popular MBC bar and the Michelin starred Albert 1er is just around the corner. Perfect!
