

# Cycling route

through the wine-making site of **Jongieux-Marestel**

The classified landscape can be enjoyed by e-bike, punctuated by suggested breaks:

**5 short breaks** to punctuate the route, such as an enjoyable break still seated on your bike. An opportunity to take in the magnificent landscape.

## 1 long break

in the shadow of Chapelle de Saint-Romain, a peaceful setting to discover the full expanse of the landscape, from the Rhône river to the vines.

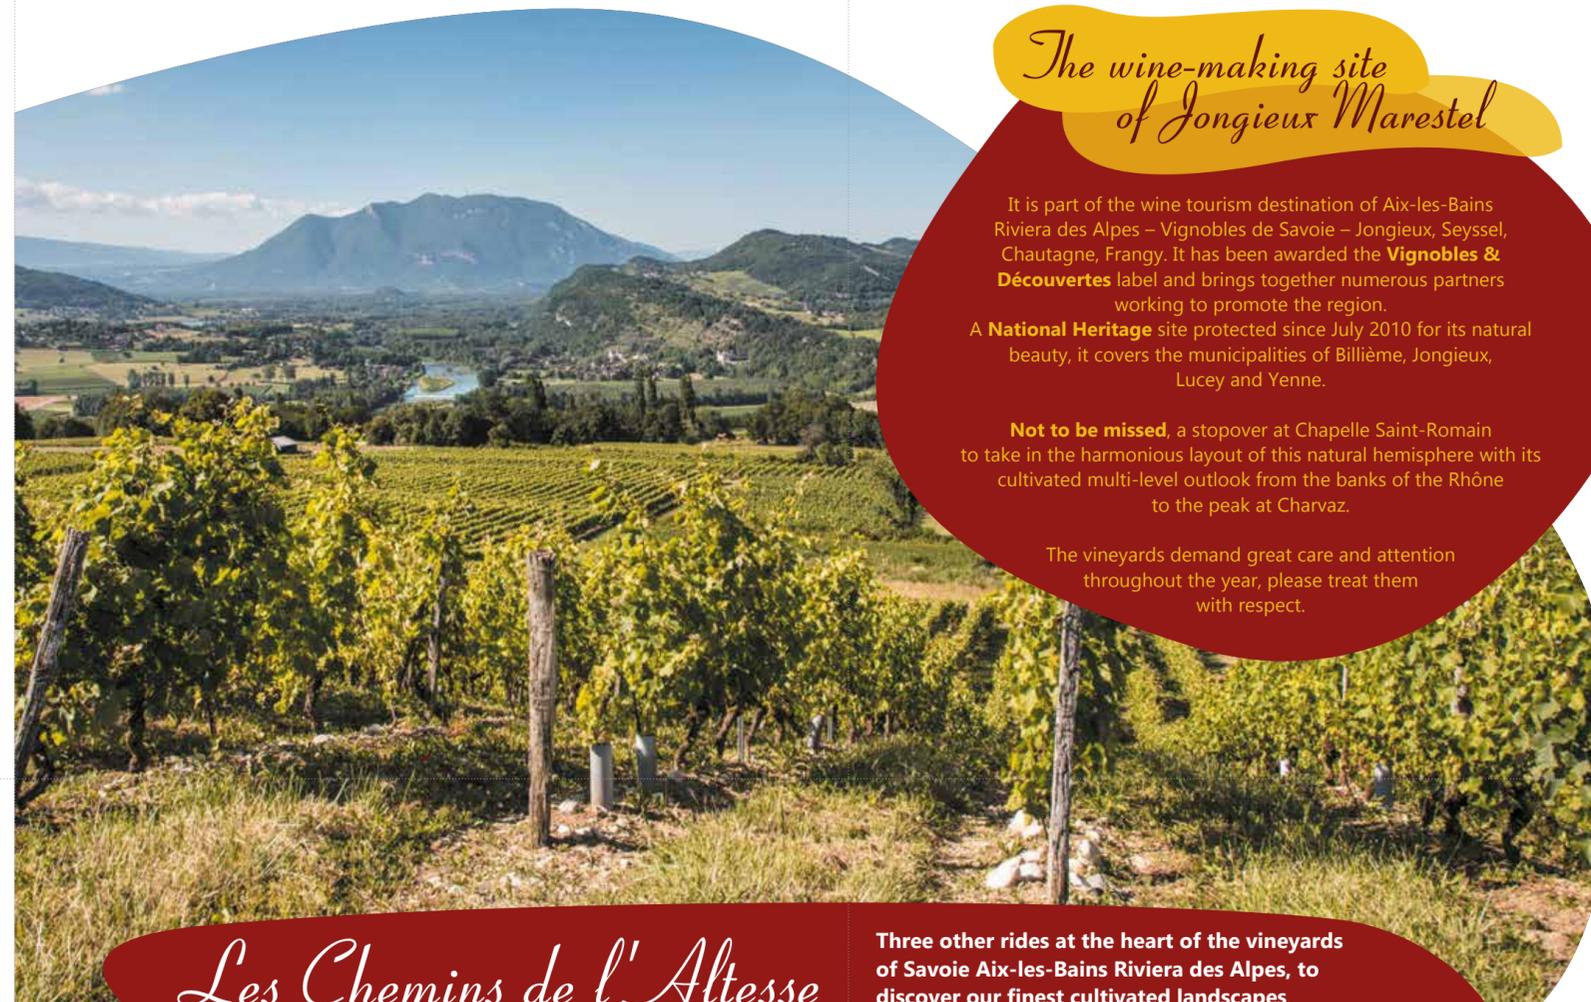

Stretch your legs during this stopover to enjoy a picnic and take in the scenery.

Take advantage of this break to behold the vineyards using the orientation guide, the objectives and the information signs. And if you happen to have a bottle of wine in your picnic hamper... Do you recognise the aromas? Take advantage of this route to stop over at a vineyard and discover the unique features of the region's grape varieties.

To make the most of your excursion, download the free app **Mhikes** to your mobile, then the circuit: "Jongieux vineyards, a landscape to enjoy by bike" (departure from Yenne or Saint-Jean-de-Chevelu).

Practical and fun, this app offers a whole range of information about the landscape, the vineyards and their cellars along the full length of your route.

## The wine-making site of Jongieux Marestel

It is part of the wine tourism destination of Aix-les-Bains Riviera des Alpes – Vignobles de Savoie – Jongieux, Seyssel, Chautagne, Frangy. It has been awarded the **Vignobles & Découvertes** label and brings together numerous partners working to promote the region.

A **National Heritage** site protected since July 2010 for its natural beauty, it covers the municipalities of Billième, Jongieux, Lucey and Yenne.

**Not to be missed**, a stopover at Chapelle Saint-Romain to take in the harmonious layout of this natural hemisphere with its cultivated multi-level outlook from the banks of the Rhône to the peak at Charvaz.

The vineyards demand great care and attention throughout the year, please treat them with respect.

## Les Chemins de l'Altesse

Three other rides at the heart of the vineyards of Savoie Aix-les-Bains Riviera des Alpes, to discover our finest cultivated landscapes.

### 1. SEYssel : LES CHEVALIERS DE L'ALTESSE

A treasure hunt to learn about the fabulous history of Savoie wines. Will you manage to open the treasure chest containing your future title as a Chevalier de l'Altesse? An adventure to enjoy as a family in the footsteps of princes, princesses and other merchants that protect the crystal bay.

### 2. MOTZ: THE VINES TELL THEIR STORY

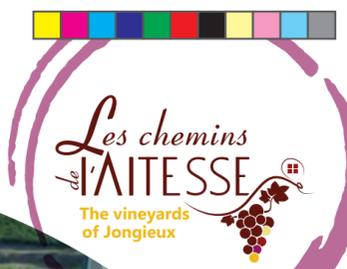

To discover the main stages of working the vines of Savoie. Place yourself in the vintner's shoes! Hear the vines whispering to you how they produce the best possible grapes. Do you know how many centimetres the branches of a vine can grow in a single day?

### 3. BRISON: THE VINES REVEAL THEMSELVES

The vines, a lake and a path creating a visual masterpiece. A secluded footpath among the vines for a walk of unexpected pleasures in a landscape full of surprises. Behind the village a world of colour opens up against the backdrop of the lake and mountains.

**L'Altesse**, the typical grape variety of Savoie, falls under the AOP of Roussette de Savoie (4 geographical denominations: Frangy, Marestel, Monthoux, Monterminod) and the AOC of Seyssel.

A landscape to be enjoyed *by bike*
