After taking the Ardent cable car and the Chaux-Fleurie chairlift, you'll find yourself at the start of the walk. As soon as you get off the chairlift, your destination is already in sight! The walk follows a ridge that's wide enough to pose no real danger as long as you stay firmly on the path.

During a fairly short but steep climb, the view gradually opens up to reveal the most beautiful peaks in the area, including the famous Mont Blanc. You'll also catch sight of the surrounding high-altitude lakes: Lac Vert and Lac de Chésery.
