Closer to you...

RAIFFEISEN

... for you

More time. More advice. More independence.

Personalised advice on financial matters is ever more in demand while at the same time, over-the-counter transactions are steadily decreasing. Your new agency is focussed on welcoming you and providing you with personalised advice in a warm and friendly setting that makes it possible for us to be even more attentive to your needs. Thanks to our extended consultation hours, we will be on hand to offer you tailored advice on investments, pensions or financing.

With its 2 ATMs, the 24-hour zone offers you withdrawals and deposits in CHF and EUR at any time, as well as being able to access your safe securely 24 hours a day. Cash deposits and currency exchange will also be possible during opening hours. Our advisors will of course be happy to help you with any of these services, just as they have always done in the past.

We look forward to seeing you again and having the chance to introduce you to your new Verbier branch.

Our opening hours:

Off season
