High-altitude getaway

Take to the heights effortlessly for a taste of extraordinary variety Forest, alpine pastures, valley of geological wonders and views of prestigious peaks... Myriad landscapes await you for an easy introduction to hiking.

Along the way

As the fascinating blue waters of the Plan d'Amont lake (upstream of the dam) wink at you, Râteau d'Aussois and Pointe de l'Échelle watch over you, unphased, lost in contemplation.

Why stop now when things are going so well? Keep going till you get to the Fournache torrent and listen carefully... Can you hear that whistle, echoing through the valley? That's Lady Marmot, announcing your arrival to the rest of her crew.

Adventure is calling you and you feel like spending a night at La Fournache refuge.

Or maybe at the Plan Sec refuge. It could be a good idea to start with a meal there, so as to scout out the place. Just imagine waking up amid those remote alpine pastures and imposing rocky mountains!

But, for now, you can just settle down on the soft grassy slopes and take your time lazing in the sunshine, as you're returning via the chairlifts.

On-foot option to reach start point without using chairlifts
