The best lavender fields's tour.

Google Traduction

We spent a whole day with Flor sightseeing the lavender fields in Provence, and Flor, our tour guide was excellent, we felt pampered and very well taken care of, we went to Lavender Museum, Senanque Abbey, lunch in the beautiful town of Gordes, and after that we went up on the mountain to see the most beautiful lavender fields you can imagine.

The way she treated us was spectacular and she is a very nice person. I recommend Elora Tours and principally Flor as a tour guide without any doubt. Thanks ;)

Wonderful experience touring with Flore in Provence

Google Traduction

We toured three vineyards with Flore. She helped pick out wines based on the groups preferences. She was a very good communicator and really listened to everyone in the tour

Friendly and informative wine tour

Google Traduction

Our guide for our wine tour was Flore, she was really friendly and helpful when it came to discussing different wines and all sorts of other local information. Our transport was a very comfortable minibus which we had it to ourselves. The highlight was the visit to Chateauneuf du Pape and the museum. We happily purchased some bottles of wine and will enjoy them on our return to blighty.

Well done Flore, Merci beaucoup

Carl & Danuta
